Summer 2023

Dear Supporter,

I first visited Ladakh in the late 1990s and saw a barren plot of land that had been donated by the villagers for a school. The miraculous achievements since then are thanks to your generous support and we have plans to build for the future.

The school has gone from strength to strength as illustrated by its excellent academic results and success in other fields.

A two-day workshop last September produced a detailed five-year development plan and we are asking you today to help us put this into effect.

We want to add the senior secondary facilities to enable the students to complete their school education at DPKS without being forced to leave the school they love.

We are confident that, under the leadership of the newly-appointed principal and vice-principal, staff will develop their skills and students will become well-rounded citizens.

We have pleasure in sending you the latest edition of Lotus Leaves in which you can read about last year's activities and building for the future.

With gratitude.

The Dowager Countess Cawdor, Patron

P.S. All donations make a difference and are greatly appreciated by the school.
